

Muhammad Aqeel Arshad

Full-Stack Developer

Lahore, Pakistan · Available EST / US Hours · +92 333 8283410
aqeelarshad811@gmail.com · aqeelarshad.vercel.app · linkedin.com/in/aqeel-arshad

PROFESSIONAL SUMMARY

Full-Stack Developer with 3 years of experience building and shipping production web applications across the MERN stack and beyond. Strong in designing scalable Node.js, NestJS, and TypeScript backends, modeling data with Prisma and PostgreSQL, and building responsive React and Next.js interfaces. Experienced with REST APIs, microservices, third-party integrations (Twilio, Stripe), and AI/chat service orchestration. Comfortable working remotely in agile teams across the EST timezone.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript (ES6+), Python, SQL, HTML5, CSS3

Frontend: React.js, Next.js, Redux, React Hooks, React Context, Tailwind CSS, MUI, Styled Components, Bootstrap, jQuery

Backend: Node.js, NestJS, Express, REST APIs, GraphQL, Microservices, WebSocket, Socket.io

Databases & ORM: PostgreSQL, MongoDB, MySQL, Prisma, TypeORM, Mongoose, Redis, Elasticsearch

Cloud & DevOps: AWS, AWS Serverless, GCP, Azure, Docker, Webpack, NPM

Integrations: Twilio (SMS/Voice), Stripe, OAuth, MCP / external service orchestration, workflow automation

Testing & Practices: Jest, Cypress, Agile / Scrum, Git, CI/CD

CMS & E-commerce: Magento (module development, theme customization), WordPress (theme/plugin development)

PROFESSIONAL EXPERIENCE

PowerHouse | MERN Stack Developer

Jul 2025 – May 2026

Remote

- Developed and maintained scalable backend services using Node.js, TypeScript, and NestJS for legal- and sales-focused platforms.
- Designed and delivered REST APIs, microservice integrations, and MCP-based service layers enabling end-to-end business workflows.
- Built and optimized data models and queries with Prisma and PostgreSQL, improving query performance, reliability, and data consistency.
- Integrated Twilio (SMS/Voice) to power automated notifications and communication workflows.
- Implemented AI/chat backend capabilities, including session management, MCP tool orchestration, and external service integration.
- Partnered with frontend, product, and QA teams to deliver high-quality, production-ready features on schedule.

AMOX Solutions Inc. | Full-Stack Engineer

Oct 2023 – Jun 2025

- Built and shipped full-stack web application features using React.js and NestJS.
- Diagnosed and resolved bugs and improved overall application performance.
- Documented code changes for existing functionality and implemented new requirements raised in design docs.
- Coordinated closely with the QA Engineer and Product Manager to deliver and validate changes.
- Collaborated with cross-functional team members to implement project design requirements.

EDUCATION

Bachelor of Science in Computer Science

Jan 2021 – Dec 2024

Gujarat University
